**SKOPJE- 07.09.2010**– The Broadcasting Council (BC) will request from all broadcasters to provide BC in a timely manner with information if they broadcast sport or other type of programs with exclusive rights for Republic of Macedonia,

so BC would prevent any illegal broadcasts of the same programs by the operators of public communication networks (cable, IPTV, DVB-T,DVB-S) by re-transmission of foreign channels.

During today's session, BC noted the rebranding of the Hallmark Channel in Universal and the adult channel, XXX in Darling.

BC also registered 19 program packages of operators of public communication networks.
