

Denial of SDSM's Press Release titled "AAAVMS should sanction SITEL TV for airing lies and stirring interethnic tensions, or it will be considered an accomplice"

Skopje, 23.04.2016 – The Agency for Audio and Audiovisual Media Services strongly denies the claims presented in today's press release by SDSM, stating that the latter expects the AAAVMS to sanction SITEL TV for broadcasting an item titled "Is there a plan for Macedonia's federalization hiding behind the scriptwriter's scenario of destabilization?", and that SDSM has submitted a due complaint to the AAAVMS.

With the aim of providing correct information, the Agency for Audio and Audiovisual Media Services informs the public that, **today, until 20:30 hrs, no complaint whatsoever has been submitted to the Agency's e-address, contact@avmu.mk, on the part of SDSM.**

We are also taking this opportunity to point out to the SDSM that the name of the Agency is 'Agency for Audio and Audiovisual Media Services' and not 'Agency for Audio and Audiovisual Arts'.
