

Call for a meeting on the Draft Rulebook on Determining the Locations for Collecting the Signals from the OPECN and the On-Demand AVMS Providers

Skopje, 31.05.2016 – The Agency for Audio and Audiovisual Media Services prepared a Draft Rulebook on identifying the locations to which the operators of public electronic communication networks retransmitting programme services and the providers of on-demand audiovisual media services are obligated to deliver their signals. A public debate was opened on the Draft Rulebook and all interested parties could submit their opinions and proposals in writing until 27 May 2016.

In order to ensure full transparency of the process and discuss the manners in which the signals will be delivered, the Agency invites all interested parties to the meeting scheduled on 2 June 2016 (Thursday), starting at 12:00 hrs, in the premises of the Agency for Audio and Audiovisual Media Services. Attending the meeting will be representatives of the ASSECO SEE DOOEL Skopje Company that provides the equipment that will make it possible to distribute the delivered signals to the Agency's programme supervision system.
