

Monitoring of KTV TV Coverage of the Elections

Skopje, 20.10.2017 – While monitoring the media coverage of the 2017 Local Elections campaign, the Agency for Audio and Audiovisual Media Services detected unbalanced coverage of the elections throughout the entire programme of the KTV TV from Kavadarci.

In its daily information programme during the second 9 days of the election campaign (5-13 October 2017), the KTV TV was focused on the activities of the two large coalitions led by the largest governing and opposition parties, respectively, dedicating more airtime to the coalition led by the largest opposition party.
