

Control Programme Supervision Conducted Over Total TV

Skopje, 25 February 2019 – A control programme supervision was conducted over the Total TV operator of public electronic communication network, to verify if it had acted upon the Decision on Public Warning, issued to it due to retransmitting programme packages that had not been registered with the Agency.

The supervision found that Total TV was still retransmitting the Palma Plus programming service as part of its programme package, although it had not been registered with the Agency.

The supervision report is available at the following link:
