

Public Warning Imposed against TELMA TV

Skopje, 11 March 2019 – Further to an ad hoc programme supervision following a complaint received and the detected constant violation of the rules for minors' protection, the Agency Council issued a Public Warning measure against Telma TV.

Namely, Telma TV had been airing the feature series titled "Animal Kingdom" contrary to the rules for protecting juvenile audience, i.e. had labelled the category of the series wrongly and aired it at an inappropriate timing.
