

An Overview of the Radios that Voluntarily Registered Percentages for Airing Macedonian Music in 2019

Skopje, 11 March 2019 – A total of 29 radio stations used the legal opportunity to voluntarily register a percentage of domestic music they intend to air. Of these, 2 radio stations are at the state level, 8 are regional, while 19 radio stations air programme at the local level.

The radio stations that registered percentages of music in the Macedonian language and the languages of the ethnic communities, which they intend to air on a daily basis, received discounts for the broadcasting license fee, depending on the percentages they registered.

The overview of the radio stations that voluntarily registered percentages of Macedonian music to air in 2019 is available at [this link](#).
