

Amended Guidelines on Paid Political Advertising Limits Adopted for the 2020 Elections

Skopje, 19 June 2020 – Pursuant to the Decree with Legal Force on Issues Related to the Election of Members of the Parliament of the RNM, adopted by the Government of the Republic of North Macedonia on 15 June 2020 , an amendment was made to the Guidelines on Paid Political Advertising Limits for the 2020 Elections at today's 23rd session of the Agency Council.

The amendment was made due to a change in the limits on paid political advertising made by means of the Decree, which have an impact on almost all provisions of the previously adopted Guideline, as well as to specify in more detail the table under Point 4 of the Guidelines.
