

Policy Adopted on Providing Access to Audiovisual Media Services for People with Sensory Disabilities

Skopje, 18 December 2020 – The Agency Council adopted, at its 45th session held on 17 December 2020, the Policy for Providing Access to Audiovisual Media Services for People with Sensory Disabilities. Prior to its adoption, a public debate had been opened on the Draft Policy, until 31 October 2020 .

The document outlines and specifies the key courses of action for the regulatory body, while the concrete activities will depend on the current needs of the target group, as well as the capacities of the broadcasters and the providers of on-demand audiovisual media services, and will be planned annually.

The Policy for Providing Access to Audiovisual Media Services for People with Sensory Disabilities is available at the following link.
