

French Ambassador Cyrille Baumgartner pays working visit to the AAVMS

☒ **Skopje, 7 May 2021** – Director of the Agency for Audio and Audiovisual Media Services Zoran Trajcevski had a working meeting today with H.E. Ambassador of the Republic of France Mr. Cyrille Baumgartner and his delegation .

The meeting was focused on the opportunities for increasing the number of French television stations retransmitted by the local cable operators. This step, as assessed by both parties, would contribute to establishing even closer ties between the two cultures, an exchange of values, and greater access to content that would contribute to an easier learning and perfection of the knowledge of the French language.
