

Reply and Correction

With the aim of explaining the way of and the conditions for exercising the right to reply and correction on the part of the physical or legal entities who consider that media have harmed their reputation, honour or interests by having published untrue, wrongful, false or partial information related to them, the Agency has published a leaflet titled “Reply to and Correction of Untrue, Wrongful, False or Partial Information”.

The leaflet is intended for the broader public and is available (only in Macedonian) at this [link](#).
