

# Summary of the 35th session

**SKOPJE, 31.08.2012** – On today's session the Broadcasting Council (BC) approved Nasha TV's request to change its ownership structure.

The topic on the initiating a license revoking procedure for those commercial broadcasters, which haven't paid the broadcasting license fee, was postponed for the next session, because the deadline for final payment is today at the end of the day.

BC decided to cease the started misdemeanor procedures against:

- TV Alsat-M, because the broadcaster submitted an evidence that it had conducted the measure "written warning with a request for the warning to be aired";

- Radio Ros Metropolis, because the broadcaster has conducted the measure "written warning with a request for the warning to be aired".

BC decided to impose two written warnings to Radio Antenna 5, due to non-separation of the advertisements from the rest of the programming and due to surreptitious advertising.
